## FARMERS REQUESTED TO RESPOND AT ONCE AND SUPPLY DATA

### THE N., C. AND ST. L. RAILWAY URGES USE OF LIME ON FARM LANDS.

The Industrial, Agricultural and Immigration Division of the Nashville, Chattanooga and St. Louis Railway's Traffic Department is mailing to 25,000 farmers operating along the company's lines copies of "Lime in Agriculture" and "Percheron Breeding," interesting and instructive publications recently issued by the department.

The purpose of the booklets is to urge the necessity of lime on farm lands and to promote its use by the farmers in the territory traversed by the Nashville, Chattanooga and St. Louis Railway, and to encourage the production of larger mules in the South.

A self-addressed and stamped return post card is inclosed with these booklets with blanks on the reverse side, which the recipient is requested to fill out return to L. P. Bellah, General Agent, Nashville, Tenn. It is desired by the Nashville, Chattanooga and St. Louis Railway in this way to secure reliable data relating to the extent of the practice of sowing winter cover crops, turning them for green manuring, deep fall plowing, shallow and frequent cultivation of crops, diversification or the rotating of crops, use of lime, building and use of silos, etc., in the community served.

Vice President H. F. Smith of the Nashville, Chattanooga and St. Louis Railway, under whose direction the work is conducted, is deeply concerned in matters appertaining to improved methods of agriculture in all the communities traversed by the Nashville, Chattanooga and St. Louis Railway, and the farmers in this locality who receive the literature mentioned are cordially urged to cooperate with the company in securing the desired information by returning the post card, properly filled out, to the company at Nashville as directed.

MEMPHIS, TENN.

### NOTICE TO CONTRACTORS

Sealed bids will be received by Joe F. Odle, Chairman of Building Committee, up to noon, April 26, 1915, for the erection of a High School Building, to be erected at Camden, Tenn., according to plans and specifications prepared by L. M. Weathers Co., architects, of Memphis, Tenn.

Plans and specifications can be had by applying to said architects, and a check for \$50 will be required as a guarantee that plans and specifications will be returned to them in good order, on or before the day of the letting of the contract.

Each contractor will file with his bid a certified check in the sum of \$500, payable to Joe F. Odle,

Chairman, as guarantee that the successful bidder will enter into a contract and furnish surety bond satisfactory to the Building Committee and the architects within ten days after bid is accepted and contract signed.

The contractor will receive bids on the plumbing, heating and the electrical work separately from the general bids, and a bid will be selected from these by the architects and Building Committee, and will be added to the bid accepted of the general contractor and a contract as a whole will be made with the general contractor.

The right is reserved to reject any or all bids.

JOE F. ODLE,  
Chairman Building Committee.  
U. A. POTTS,  
Secretary.
